## KEEPING IRISH WORKPLACES SAFE

### O'Dwyer Safety Services Ltd (OSS)

Getting practical Health and Safety advice is an essential part of every successful business.

O'Dwyer Safety Services has the skills and experience to build a safe work environment for your business and employees.

The OSS team is made up of highly qualified and experienced safety consultants', instructors and professional administrators, with practical experience from a wide range of occupations including the construction, food, education, chemical, film, renewable energies, agricultural and manufacturing industries.

- As an employer (or an employee) it's your responsibility to comply with health and safety requirements.
- We take the time to ensure that you are fully aware of how to manage health and safety in your workplace.
- Our committed team will work alongside you and review your operations, ensuring you adhere to regulations and best practice.

### Consulting Experience

Ned O'Dwyer is O'Dwyer Safety Service's Managing Director. A Chartered Member of IOSH, Ned established OSS in 2001 to provide Safe Pass Training, and has steadily grown the company to include consultancy, traffic management, and safety officer departments.

We customise our service to meet client's needs and provide comprehensive:

We also provide complete construction project health and safety services through

- PSCS support
- PSDP support
- Health and Safety coordinator role
- Safety Officer role

### Training Services

O'Dwyer Safety Services is a proud provider of QQI and IOSH health and safety awards and an accredited RTITB, IPAF and CSCS training centre.

Our instructors provide the full range of health and safety courses that the modern workplace requires for it to prosper and comply with health and safety laws.

### Training Centres

Our dedicated training centre is conveniently located in the Eastway Business Park, Co. Limerick. We also deliver courses from our venue in the University Business Complex in Castletroy.

These venues offer the perfect environment to receive a thorough learning experience. We also deliver training conveniently in your workplace or at a venue of your choice.
